

## SHE CLUNG TO NEGRO BURGLAR

Seized Him by Coat Collar and Held on Until Strength Gave Out.

### LINEMAN FALLS FROM POLE

Man and Woman Arrested Charged With Deserting Families.

(Special to The Times-Dispatch.)  
NORFOLK, VA., April 25.—Mrs. St. Clair, of 37 Duke Street, caught a negro man going off with the silver from the dining room this morning, and held him by the coat collar until her strength gave out. The negro's fleetness of foot enabled him to escape the police. A telephone message came to the police station and the wagon hastened to the relief of Mrs. St. Clair, but the negro was gone when the patrol wagon arrived. If Mrs. St. Clair could have detained the robber three minutes longer he would have been caught.

J. E. Eggleston, a lineman employed by the Norfolk, Portsmouth and Newport News Company, fell from the top of a pole at the shore of the railway at Port Norfolk this morning and was seriously injured. The pole was rotten and broke and fell with Mr. Eggleston. The injured man was removed to the Norfolk Protestant Hospital, where it was found that his knee-cap was broken and that he had suffered internal injuries. The knee was successfully operated on this afternoon, and the surgeon declares the patient's condition is favorable.

William Kremer, aged twenty-three, and Mary Fitzgerald, aged thirty, are held here by the authorities of Jersey City, N. J., upon the charge of deserting families of children in that place. The couple have been living at a Bank Street house in Norfolk as Mr. and Mrs. William Kremer. Kremer has been employed on the Board of Trade building, now in course of construction at the corner of Atlantic and Plume Streets.

### Sailor Crimpro Crimps

Frank Moore and L. C. Chitty, sailors' boarding house keepers, were held for indictment before the United States grand jury today on the charge of crimping sailors' wages, in violation of the United States revised statutes. The charge came about in a novel way. J. R. Jones and R. McDonald, British seamen, applied to Chitty for their clothing, saying that being stranded here they had joined the Boer War aggregation as original British soldiers, but could not go away with the troops without their clothes, which the boarding house men refused to deliver. Chief Boush sent word to the United States marshal, and Frank Moore was arrested, charged with taking a sailor's clothes, and L. C. Chitty was charged with enticing sailors to leave the steamship Tampelen, on which they had arrived here. Chitty and Moore have been in the same kind of trouble before, and they were required to give a \$500 bond for their appearance on next Monday.

### Fig Tree Larceny.

The charge against E. T. Thomas of larceny was changed to trespass, and he was fined \$10 for encroaching on the dividing line between him and his neighbor, E. F. Snyder, so as to include a fig tree, which he dug from the ground and took away. The city engineer testified that Thomas had encroached five feet on Snyder's land, and that the fig tree had flourished. The novel case created diversion in the court, and when the attorney for Snyder made intimations as to the character of the fig tree, the court part of the neighbor's quarrel was over.

### Missionary for Japan.

Rev. H. St. George Tucker, of Norfolk, who has been in Japan as a missionary, arrived home this evening on a visit to his relatives, and will be in this country until the first of next year. He is a son of Rev. Dr. and Mrs. Beverly D. Tucker, and went out from St. Paul's Episcopal Church, Norfolk, of which his father is rector. He has been in Japan for six years, and is president of St. Paul's College, at Tokyo. He is now thirty years of age, and was educated at the Norfolk Academy, the University of Virginia and the Theological Seminary at Alexandria. Rev. Dr. Tucker went to Charlottesville to meet his son, and they arrived here at 6:25 o'clock this evening.

### To Sell Bark Baltimore.

F. Caccato, of Baltimore, owner of the Italian bark Baltimore, which was libeled in this port in something over \$7,000 by Vincent Caccato, of Norfolk, declares that he will not give bond. The outlook now is that the vessel will be sold by the United States marshal to satisfy libellant's claim. The Baltimore, which is of iron, of 731 tons register and 185.5 feet long, was built at Dundee, Scotland, in 1885.

George Halsted Boyland, A.M., M.D., of Paris, Doctor of Medicine, of the Faculty of Paris, in the New York Medical Journal, August 22, 1896, says: "There is no remedy as absolutely specific in all forms of 'Albuminuria and Bright's Disease,' **BUFFALO LITHIA WATER**, whether acute or chronic, in all cases of pregnancy, where albumin is found in the urine, as late as the last week before confinement, if this water and a milk diet are prescribed, the albumin disappears rapidly from the urine and the patient has a positive guarantee against puerperal convulsions."

### PROSPERITY ROLLS.

Big Prices for Crops and Farm Lands in Demand.

(Special to The Times-Dispatch.)  
ETNA MILLS, VA., April 25.—Farmers in this section are very busy plowing and are pushing all farm work. A number of horses and mules have been bought to be added to their present teams. The pea and tobacco crops have brought good prices. A number of farmers have sold their crops of peas for \$5.00 per bushel at the railroad station or river landing, a number getting over \$1,000 for this crop. The vines have been turned over for the wheat crop.

Several tobacco crops have brought on an average of \$200 per acre. Farming lands are in demand. Every foot of land for rent has been taken. There are renters who have been standing for the want of land. Although labor is scarce, the people are prosperous, and lands in this county have advanced twenty-five per cent. in value.

About the last of the fat cattle have been sold in this neighborhood. Colonel Duane, who owns the Goose Pond plantation, on the Mataponi River, sold his last cattle—sixty-seven head—last week at six cents a head.

These were three and four-year-old steers, weighing over 1,400 pounds each. Hatten C. Alexander, on the Pamunkey, sold his last lot of forty head on the Richmond market for six cents per pound. Mr. Alexander is getting now \$3.50 per head for lambs. The first lot sold for \$6 per head.

You can see prosperity at the churches; no barefooted children or ragged home-made shoes, dyed with copperas, and pants, short half-way between their knees and ankles, showing their white yarn socks. They all wear store shoes, knee pants and black stockings, and bring a lot of money to put in the Sunday school treasury, and ride to church in top buggies and have biscuits every morning in the week.

There were Easter egg hunts at McKendry and Methodist Churches yesterday, and were well attended and enjoyed.

### MISSED BIG SUM.

Burglar Took Watch But Did Not See \$3,000.

(Special to The Times-Dispatch.)  
SUFFOLK, VA., April 25.—Though he went through a bureau, in one of the drawers of which was concealed over \$3,000, at the home of Jacob Morris, in Gates county, N. C., Charles Riddle, a burglar, overlooked the cash and secured only a gold watch. The same burglar secured \$5 from the residence of Henry Parker, in the same county. At a preliminary hearing today, Riddle was held for the superior court. He confessed.

Pugh, of Mathews Courthouse, aunt of the bride. They were followed by the maid of honor, Miss Daisy Dickenson, of Richmond, who wore a crepe de chine hand embroidered corn colored gown, and carried Easter lilies. She was followed by the bride upon her father's arm. She wore a gray tailor-made gown and violet hat and carried violet. She was met at the altar by the groom and best man, his brother, Mr. C. B. S. marine hospital service, which occurred at 8 o'clock this evening at Christ Episcopal Church. The church was elaborately decorated with palms, fern, Easter lilies and sandalwood.
